Country Sales Manager

Dear Forever Business Owners,

Sometimes the simplest things in life are the most complicated or difficult to wrap our heads around. This is not because of our intellect or IQ, but for some reason when something is too easy we instantly think "am I doing something wrong" or "this is too simple, how can I enhance this!".

While we are all creatures of habit, we are also proud of our own achievements and what we currently engage in. Therefore, when you begin your Forever business and learn how simple and easy it is to become successful, many instantly think "This is too easy...I know a better way...I'm going to make these changes and do it my way." While the intention is in the right place and the individual wants to improve their chances at success, what they have inadvertently done is actually diminish their chances of true success with Forever.

As I'm sure you are all well aware we are nearing our 40th Anniversary at Forever and we operate in over 155 countries across the globe. Believe me, we know what we do works and we are bloody good at it! If we tell you our business is simple...You should believe us...You should thank us...You should appreciate how easily anybody can jump in and plug into our procedures and trainings and begin working towards success.

One example of how simple your business can be, is becoming recognised as 4cc active. Your 4cc's is simply an accumulation of business activity. This includes 1cc of your own personal purchases and the remaining 3 can be a combination of retail and Novus Customer orders. We like to break this down evenly and say: 1cc personal, 1cc retail and 2cc new Signup (2cc order by a novus customer).

These three factors while appear simple, are the true essence of your entire Forever Business:

1cc Personal - Keeps you up to date with our products and ensures you continue to feel the benefits of our products and share your own testimony.

1cc Retail - Ensures you continue to share our products and expand your customer base. The more people that purchase products from you simply results in a larger profit earnings for your business.

2cc New Assistant Supervisor - Recruiting 1 new team member each month into your team ensures your team continues to expand and you can multiply your time and effort. Your success in Forever is not dependant on your own efforts but your ability to mentor and motivate your downline to achieve their 4cc's.

Not only is 4cc a business building ethic, but achieving your 4cc's registers you as active in our systems and you can now earn your team/volume bonus from all the business generated from your downline.

See how simple it is to build a successful business with Forever. Use our products, Share our products and Share our Business. Achieve these three points with reference to our 4cc breakdown and you will be on your way to success in no time. There's no need to re-invent the wheel, just a need to trust us and know we have your best interest at heart so FBO's of Australia I wish you the very best of luck this coming month. Remember, if you have 5 team members, each doing their 4cc's that's a total of 20cc's for the month...Simple!

# Today, Not Someday

## As we get closer to Forever's 40th birthday, I'm reminded that I didn't begin Forever knowing that in 40 years it would operate in more than 150 countries and have a sales force of millions of independent business owners.

I simply began Forever with a dream, as many Forever Business Owners do. How we accomplish with that dream, is entirely up to each one of us individually.

There's an adage based on Parkinson's Law that says,

**"work expands to fill the time we allot to it."**

Putting this in our language, if you tell yourself that it will take you one year to become a Manager, then it will take you one year. If you tell yourself that it will take you three months to become a Manager, then it will take you three months. The question you must ask yourself then is how badly do you want to reach your goals and how much work are you willing to put into accomplishing them?

This is motivation by deadline. As I've gotten to know many of our FBOs around the world, I've been fascinated by their stories. What makes them successful? What makes them unique? There's one FBO whose story has ignited my interest in this theory, one that exemplifies Parkinson's Law.

When this young mother found the opportunity, she knew she only had a short time to prove this was a viable business for her family. Her motivations tugged at her daily, reminding her she needed a way out of the current life she and her family lived.

With the constant pain her family was enduring daily, she committed to proving this business would work in just a few weeks. There wasn't just a dedication to this time frame, there was urgency and dependency on the belief that Forever would be her saving grace. She gave herself six weeks and did you know that six weeks was all it took for this FBO to make Manager?

In fact, using the same principles, this FBO landed a coveted position in the Global Leadership Team in just a few short years, changing her life completely.

It was all because of urgency. Urgency is defined as importance requiring swift action. Think about how quickly you'd like to create second income for yourself, quit your day job, get a new car that you can depend on or even afford to give your children better education.

Are you ready to make massive progress in your business? Be motivated by deadline and give yourself that sense of urgency to see your dreams come to life.

**Forever Yours,**

# What Eagle Managers Represent

In less than a month, several of the staff and a few thousand FBOs will be waving off the coast of Barcelona as the Freedom of the Seas cruise ship takes them through the Mediterranean. This is one of the rewards of being an Eagle Manager, but while it's a significant part of the Eagle incentive, there's something I believe we haven't talked about enough – what it means to be an Eagle.

There is the recognition it comes with, but more importantly, there are traits that define the type of FBO an Eagle Manager represents. These following four characteristics are not the only identifiers of a true leader, but they are several of the strongest qualities seen in these high-achievers.

### Belief

Having faith in yourself, the products, the business and the journey is not only a core ingredient of an excellent Forever leader, but it's also the special power that keeps Eagle Managers positive and persevering. When an Eagle has true belief, they can accomplish anything because believing and desire is half of the secret to success. With strong belief, nothing can shake a leader.

### Accountability

If you asked an Eagle Manager what they want to achieve next month, they may tell you that they want to increase their sales by 15%. When you go back to that Eagle the following month, you can bet they have achieved it and they are ready to report on how they did it. Part of being an Eagle means you're committed to do what it takes to complete your goal.

### Communication

You may be thinking that communication is an obvious trait for a network marketer, but you'll be surprised at how many FBOs don't fully understand what communication entails. Leaders are masters at this skill using it to influence others to accomplish their mission by providing direction, motivation and purpose. Communication is verbal, as well as non-verbal. It means being able to express positive news and recognition, but also being able to give criticism and report on negative feedback.

### Consistency

Possibly one of the most important traits of a leader is consistency. Ensuring that you have steadfast adherence to the same principles means you've become an unsinkable ship. No matter how rough the seas get, your ship never fails you. Consistency is built through building the right habits and keeping the end in mind. Eagles are a true representation of consistency because they have built businesses that bring not only themselves into the light of success, but they also focus on bringing others up. To accomplish this, they must be able to train, mentor and guide other FBOs through their journeys.

Part of being an Eagle means you're committed to do what it takes to complete your goal.

Qualification for Eagle Manager 2018 is open until April 30th, 2018. Are you up for the challenge? I urge you to talk to other Eagles to ask them about their success and discover what it takes to be one of these leaders. Also, be sure to follow the events happening at this year's Eagle Manager's Retreat by following Forever on social media and searching the hashtag #EMR17. You'll soon find out why you don't want to miss the opportunity to be part of this elite group.

Keep Smiling,

# GET BEACH READY FOR SUMMER

Have you been trying to get in shape all year? It's time to stop making excuses and take action! Get beach-ready for summer by starting Forever's structured Clean 9 program today.

## A POSITIVE CHANGE

If a lack of discipline is what's been holding you back in your mission to get in shape for summer, then Forever's Clean 9 program could hold the answer. Discipline is one of the main challenges that people face when trying to shape up, because that is what allows us to make changes to our current behaviour. Unfortunately, as people, we don't like change really; we are much happier to maintain the status quo.

So, what can we do to tackle our discipline deficiency and make that positive change? Having a set format to follow is important as it helps to make the change easier for us, and it takes away some of the choices. This is where the Clean 9 program comes in, this 9-day program is structured enough to help inspire discipline in your daily eating and exercise habits, but not so prescriptive that it puts you off. Instead, you are provided with an easy to follow 9 day plan and meal guide to help keep you on the straight and narrow.

As the name suggests, Clean 9 is not only focused on eating habits, it also places an emphasis on cleansing your system, which is vital if you want to see and feel results.

Incorporating both dietary and exercise change together when trying to shape up is important as it will speed up the process. One or the other can often work alone, but in conjunction they are much better. When both are practised together they can help to ensure a long-lasting lifestyle change.

The Clean 9 program is an effective, easy-to-follow cleansing program that will give you the tools you need to start transforming your body today.

Jump-start your journey to a slimmer, healthier you.

# FOLLOW YOUR DREAMS AND PASSIONS

**Never let any fear, doubts or obstacles stop you from pursuing your dreams and goals - this is what my children see in me because of my Forever journey.**

I joined Forever in 1995 after a friend invited me five times to attend a 'health seminar' by telling me about aloe vera products that could help my 3 year old son's hay fever. After the fifth invitation I felt I had to accept, only so she could stop inviting me. I was very skeptical and annoyed when I realised the aloe vera products were linked to a network marketing company and I was in fact at a Business Opportunity meeting. I did not like network marketing but I politely stayed and listened to the presentation. I learnt about the generous marketing plan and the power of multiplication, then the presenter mentioned that Forever could offer you the opportunity to change from working full time to part time with an extra Forever income, immediately my hot button was hit - as I really wanted to spend more time with my children.

It took me three months to decide to join Forever, but I finally did so with a 2cc Combo Pack. It was not an easy journey for me, at the time I was working full time as a physiotherapist with my 3 year old son Isaac and my 6 month old daughter Iscah, all while completing my Masters research degree, as well as being busily involved at church. I was very shy and I lacked self confidence, I was not a social person. I had never sold anything before, I was scared of what my friends would think about me... earning money from friends? Was I really doing so bad that I had to turn to network marketing?

I had every excuse possible to not begin my business. It was so scary to make calls and to present the business. I made so many mistakes and faced so many NO's. However, the desire inside me

was stronger than my fears and doubts. I moved up to Assistant Manager in 5 months and then went overseas for a four week family holiday. I was only 10 case credits short of becoming Manager when I returned from holiday without realising it until I read my recaps the following month!

By this stage, I needed to choose between completing my Masters research degree and pursuing my Forever business. Knowing that you do not move backwards or have to start again in Forever I chose to stay at the Assistant Manager level and to finish my research first.

Senior Manager // Janet Ho

Favourite product // Forever Aloe Vera Gel

My dream and goal to become Manager was at the forefront of my mind so much so that I bought an elegant evening dress that I planned to wear one day when I would be pinned Manager.

I waited eight long years before I began to rebuild my Forever business. By then my research was published as the leading article in the top journal in my research field, and my third child, Igal was 3 years old.

I returned to Forever in 2003 and my challenge was even bigger. I had no more people to talk to about Forever because I had spoken to all of them. I had to step out into the cold market and talk to the local Aussies. I started attending networking events, holding market stalls and talking to every stranger I came into contact with.

In five months I achieved the level of Manager and was pinned by our founder and CEO, Rex Maughan himself. I went on to achieve Forever2Drive and qualified for Global Rallies and free local trips. I truly

experienced what Forever could offer me!

In August this year, I achieved Forever2Drive again, and am proudly the Top Forever Business Owner in Australia. Thanks to our Country Sales Managers Shawn and Vanessa whose leadership and endless efforts putting into the Business Owners is turning a new page for Forever Australia.

My leadership skills and knowledge of the power of duplication have been strengthened and empowered by the many events and trainings given by Shawn and other leaders. There is no better time than now to build a Forever business!

Forever has impacted my family by the transformation they see in me. It is an example to my children that possibilities are everywhere and that nothing is impossible. We can always become better no matter how weak, how fearful or how shy we are. We can always make a change if we have a strong enough desire. I think it has given me a positive mindset and the

will to change for the better and live my passions.

Forever has provided my children with the opportunity to attend private schools and we have enjoyed many holidays together, some even with my team members too.

I have used my Hong Kong Forever bonus to take my family on a two week holiday to Beijing. I have renovated my home, I am able to work part time and I have flexibility for my children. Overall, Forever has helped my family financially in many ways.

The products help me feel energized and keep my skin glowing. I have recommended the products to family and friends who have had certain issues, to which they have assisted them in feeling better and functioning optimally. My children use the products too and are happy and very healthy.

My Forever journey has been a long one but it has transformed me into a stronger and better person. I love Forever and I am Forever Proud!

"Forever has provided my children with the opportunity to attend private schools and we have enjoyed many holidays together..."

*"I would personally like to Congratulate Janet on her recent achievements of becoming the Top Forever Business Owner in Australia and qualifying for Forever2Drive! Janet is a valued member of our Australian Leadership Committee and we are truly grateful to be able to work alongside such a strong, positive, go getter like Janet. We know Janet's achievements are just the beginning of many great things to come for her and her team."*

## Forever is coming home

Some would say Global Rally is the epic conclusion of each year in the Forever business, even though it happens in April. From giving out millions of dollars in Chairman's Bonus cheques, to introducing new products and top country sales, the events at Global Rally are the grand finale to the personal journeys of each FBO and the success of another year in Forever.

2018 marks forty strong years in business and to celebrate, we are coming home!

From 22nd to 30th April 2018, Global Rally qualifiers will have the opportunity to experience Dallas, Texas, and the many attractions that make it a special

place for the Forever family.

Home to Aloe Vera of America and one of three aloe plantations, Texas is not only the perfect place to celebrate forty years, but also a great place to get back down to our Forever roots.

## AT HOME WITH FOREVER

**Aloe Vera of America in Dallas, Texas, is the manufacturing keystone for our entire aloe vera operation around the world. From here, we control the Texas and Dominican Republic plantations, our processing facility in Mission, Texas, over eight million gallons of aloe vera gel every year, and the manufacturing of our many successful lines of aloe vera products.**

So, what can you look forward to by qualifying for Global Rally next year? It's not just the chance to see some of the inner workings of Forever in the USA, it's the chance to expand your global business, learn more about a major part of Forever's vertical integration and an opportunity to get a taste for what it is that makes Forever the greatest opportunity in the world.

Have you always wanted to know what it's really like to work in a Forever facility or how it feels to watch an aloe vera plant transform into the Forever Aloe Vera Gel we love? This is your chance to experience all of that and more!

Looking for another opportunity to connect to Forever? Forever Resorts owns and operates more than forty unique lodging, vacation and entertainment properties across the United States. However, Southfork Ranch happens to be one of our favourites! Did you know it was the site for the CBS-TV series 'Dallas'? That is why it's often referred to as the 'world's most famous ranch'. Qualifying FBOs will get a chance to explore this exciting and historic Forever property during the event.

## MORE ABOUT DALLAS

Did you know that Dallas is the number one destination in Texas? With more than 12,000 places to eat and 4.6 million in population, this sprawling city has southern charm, a unique blend of modern and cowboy culture and plenty of attractions to see.

Visit one of many museums within nineteen blocks of each other, explore the massive sports scene, take a trip to the Texas Horse Park for a morning ride, or head to the top of Reunion Tower GeO-Dec to get a breathtaking view of the city.

**We can't wait to "welcome you home" next year!**

*Opal Macpherson*

# Finding the Perfect Moisturiser

The key to healthy-looking skin is a great moisturiser – one that caters to your skin's unique needs. Finding the right one can be a bit of a mission, but Forever's collection of core moisturising products has something for every skin type.

### R<sup>3</sup> Factor Skin Defense Creme: 'The Secret Weapon'

Sometimes our skin needs a little extra help and this secret weapon really packs a punch. A luxurious combination of aloe vera gel, collagen, alpha-hydroxy acids and vitamins A and E.

### Aloe Deep Moisturizing Cream: 'The Thirst Quencher'

Dry thirsty skin loves this heavy-duty product. Its rich formula sinks deep down to help deliver moisture to those poor dry skin cells.

### Aloe Moisturizing Lotion: 'The Classic'

If skin care for you is more about maintaining what you've got, this simple, classic lotion provides just the right amount of moisture to keep you looking hydrated and smooth.

### Aloe Sunscreen: 'The Protector'

If you're a real sun worshipper and can't resist a spot of tan-time, slather on this light yet moisturising sunscreen. It's infused with aloe vera and provides SPF 30 protection.

\*Available in New Zealand

### Aloe Balancing Cream: 'The Balancer'

If your skin is having a bit of an identity crisis and you can't decide if you're oily or dry, then the Aloe Balancing Cream is the perfect moisturiser for you.

**SUCCESS IS BUILT HERE.**

### LAUNCHING SOON

ARGi+® Enhanced Formula  
L-Arginine & Vitamin Complex

ARGi+® provides your daily recommended dose of the "miracle molecule" also known as L-Arginine, a key amino acid. L-Arginine plays many important roles in the body, from supporting cellular function to boosting nitric oxide production, which helps increase blood flow to major organs. Combined with synergistic vitamins and fruits, this well rounded supplement supports your entire body while adding a delicious berry flavour to your favourite beverage.

ARGi+ will be launching in pouches - 30 stick packets per pouch.

### 4CC ACTIVE

DID YOU KNOW?

Accumulating 4cc's a month is the basis of the Forever Marketing Plan. Gaining 4CC's a month encourages Personal Use, Retailing & Recruiting. Do this, and the first stages of developing your business are complete. 4cc's makes you Active, it is also the qualification needed to be eligible for your team bonus and not to mention all of Forever's Company Incentives.

Receive the following pin on your qualification:

**Gold:** 3 Months 4CC Active  
**Silver:** 6 Months 4CC Active  
**Onyx:** 12 Months 4CC Active
