For nearly forty years, Forever has demonstrated a commitment to finding nature’s purest ingredients and pairing them with the latest scientific advancements. This is for one purpose: **to help you and your family look better and feel better.**
That’s what led him to launch Forever Living Products in 1978.

Rex had a vision of bringing the tremendous benefits of aloe vera to people all around the world in order to help them look better and feel better, and his vision was also for them to help others do the same.

From day one he had a passion for doing things the right way – finding the perfect ingredients from the best sources, working with experts in all areas of the business and making decisions with integrity.

This concept is the cornerstone of who Forever is; not because anyone told us we had to do it that way, or because it’s trendy, but because we believe that if you’re going to do something, you have to do it right.

Founder, Rex Maughan, has a vision of a healthier life for everyone.

US Patent - Since 1978
No. 6713095 & 6869624
Because we love aloe, we treat the fifty million aloe vera plants in our plantations a bit differently. Our aloe is harvested by hand and the potent aloe vera gel is delicately separated from the leaf before being gently stabilised in a special, patented process. This all happens within hours of harvesting to provide you with the purest, freshest aloe vera, from plant to product to you.

**Powerful ingredients**
We have dedicated ourselves to seeking out nature’s best sources for health and beauty and sharing them with the world. Our aloe vera products were the first to receive the International Aloe Science Council’s Seal of Approval for consistency and purity.

At Forever, we combine pure aloe vera with natural and scientifically advanced ingredients selected to complement and enhance the benefits of aloe. The versatility of aloe vera means it can be combined with different ingredients and used in many ways to help you and your family look better and feel better.

**Honest practices**
Forever does not test its products on animals and many of our products feature the Kosher, Halal and Islamic Society Seals of Approval.

We’re so confident that everyone will love our products that we also offer our customers a sixty-day money-back guarantee if they are not completely satisfied.

We are very proud that our products have benefited millions around the world. We hope you’ll be the next person to experience the amazing benefits of aloe vera.
